Thank you for the year that you've given.
From our memories to these moments you live in.

Thank you that we laugh and we chat,
To make sure to make fun out of this and of that.

Thank you that you're nice to have around.
It is true that in you a best friend I have found.

Thank you that your values do matter so much.
And it matters your kindness is good to be touched.

Thank you for all our lives you so doing do celebrate.
From our plants to the feathered man and a purring *Kitkat*.

Thank You, *Mels*.
